About

I like photography because it allows me to record beautiful scenery and various memories.

Of course, beside photography, I also have the interest in graphic design.

Character introduction

Dorgo

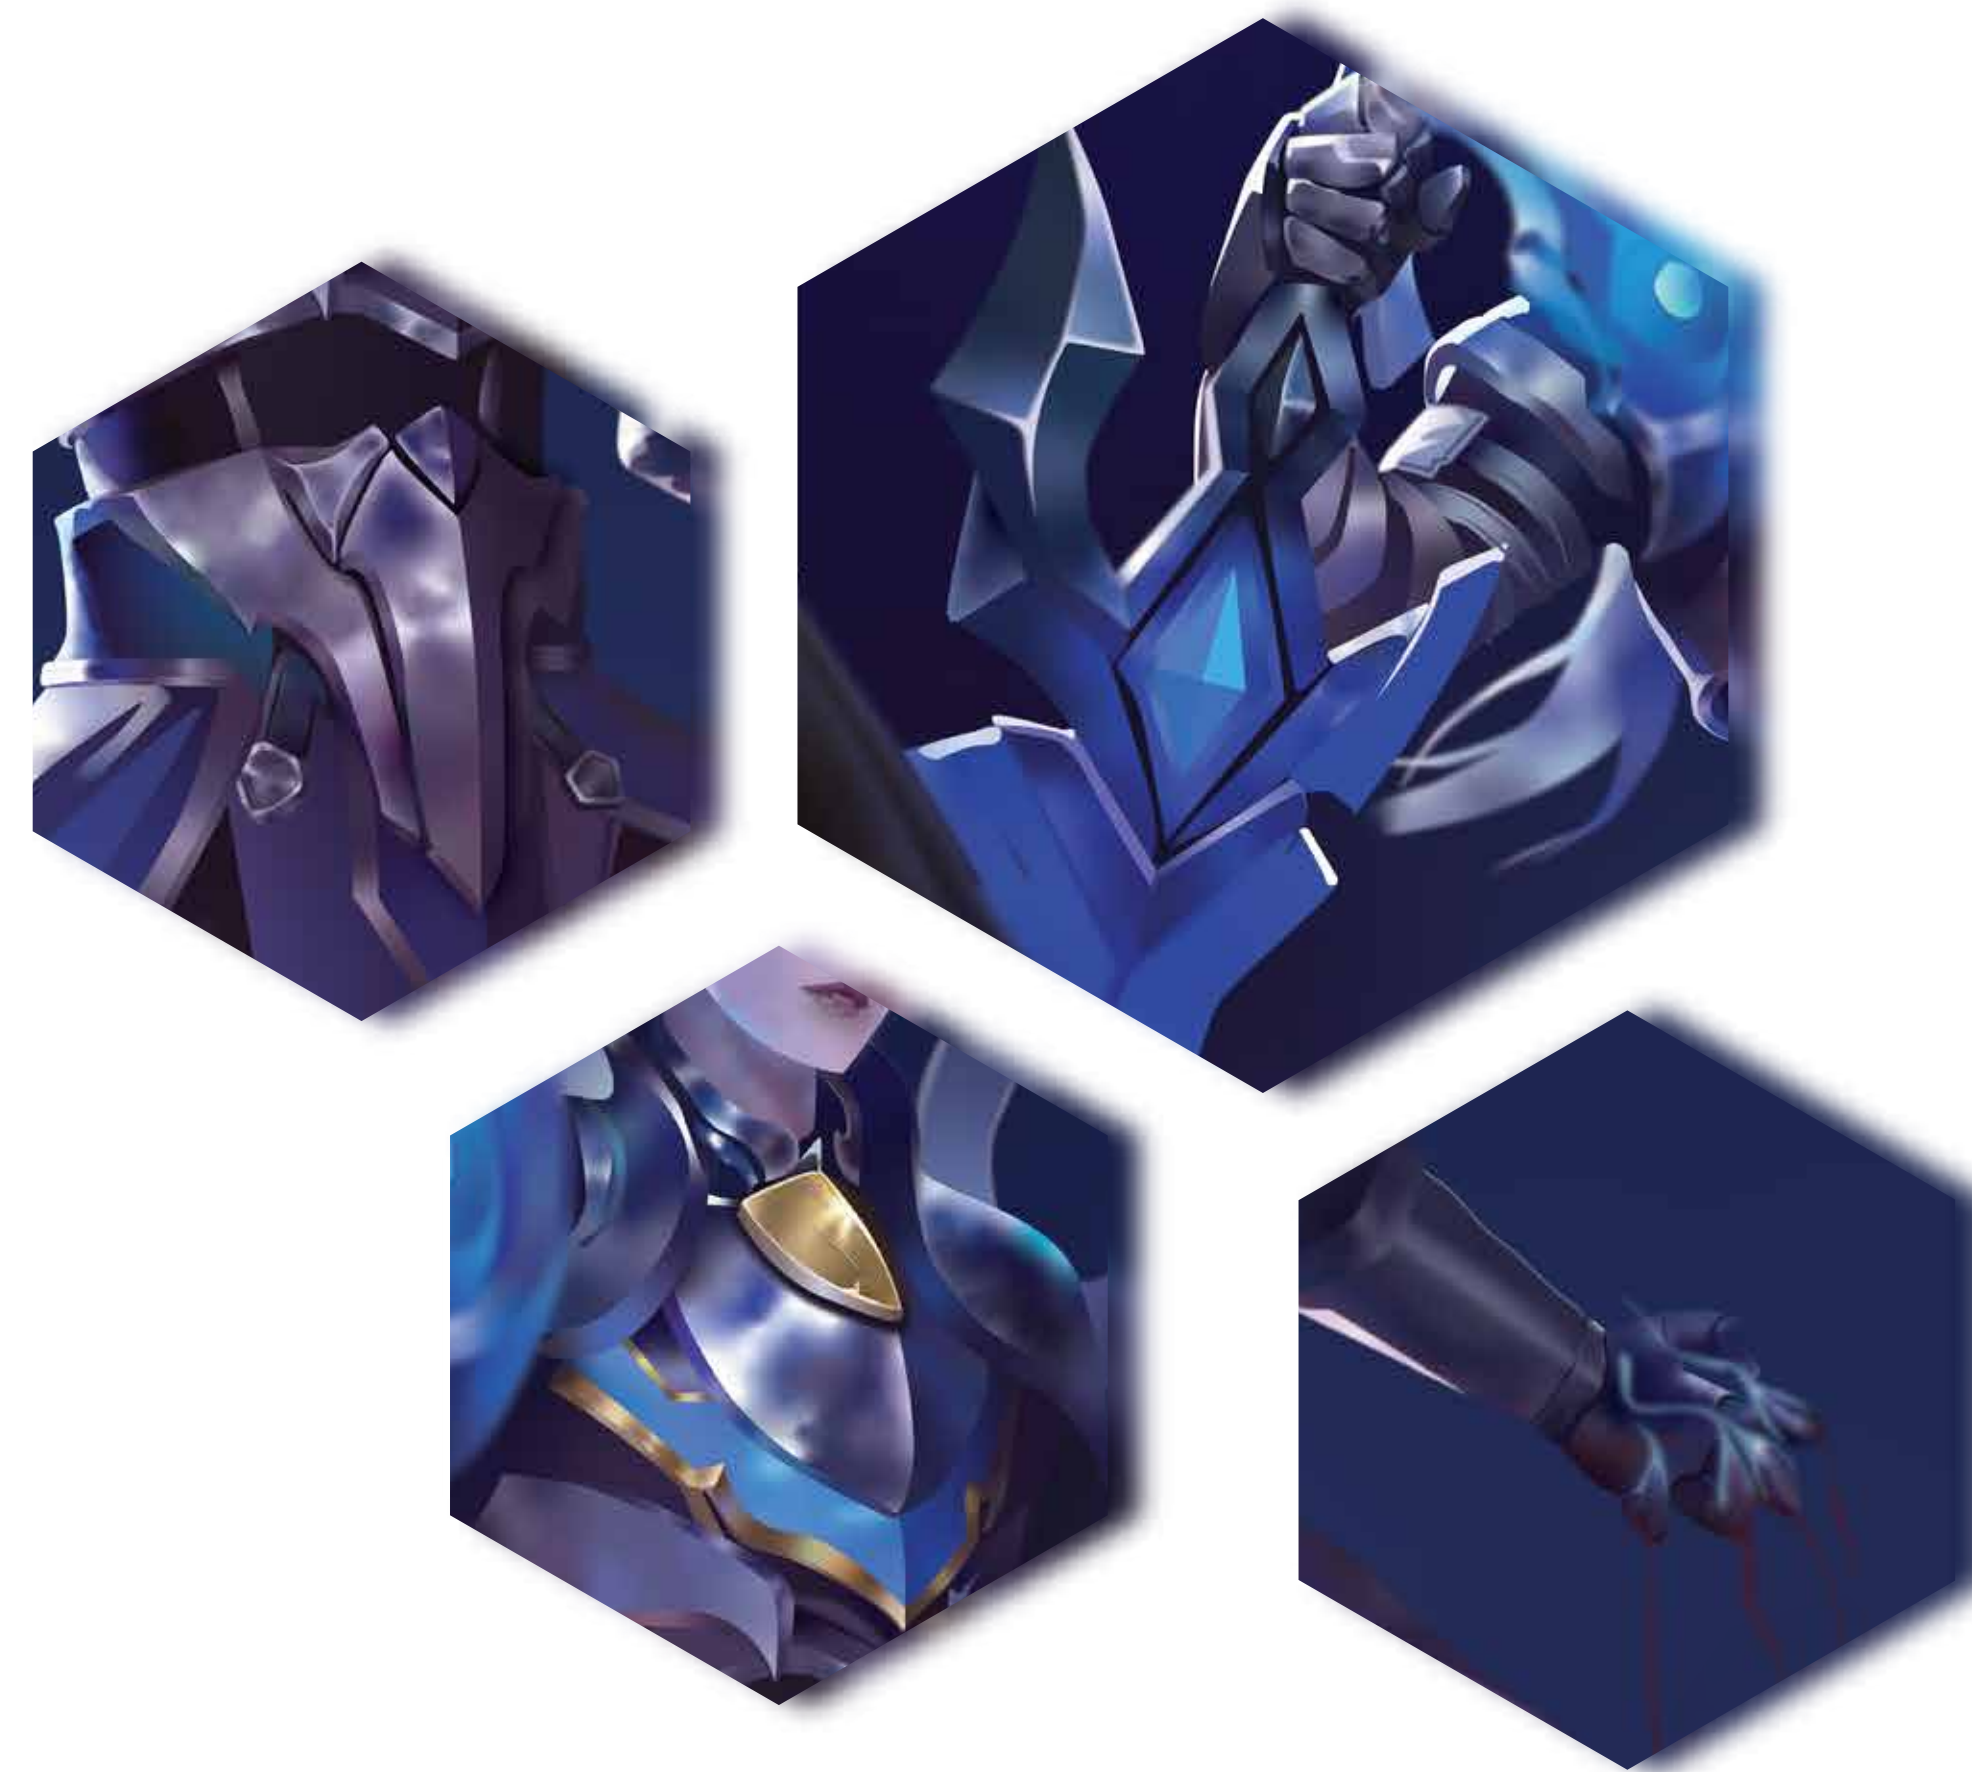

Dolgo comes from the dinosaur family, but his appearance is different from the others because he evolved into the upper race of the dinosaur family > dragon family.

The dragons are the elites who gave up fighting due to the barbaric power of the dinosaur age and switched to fighting with weapons.

Computer Graphic

05

 Kai

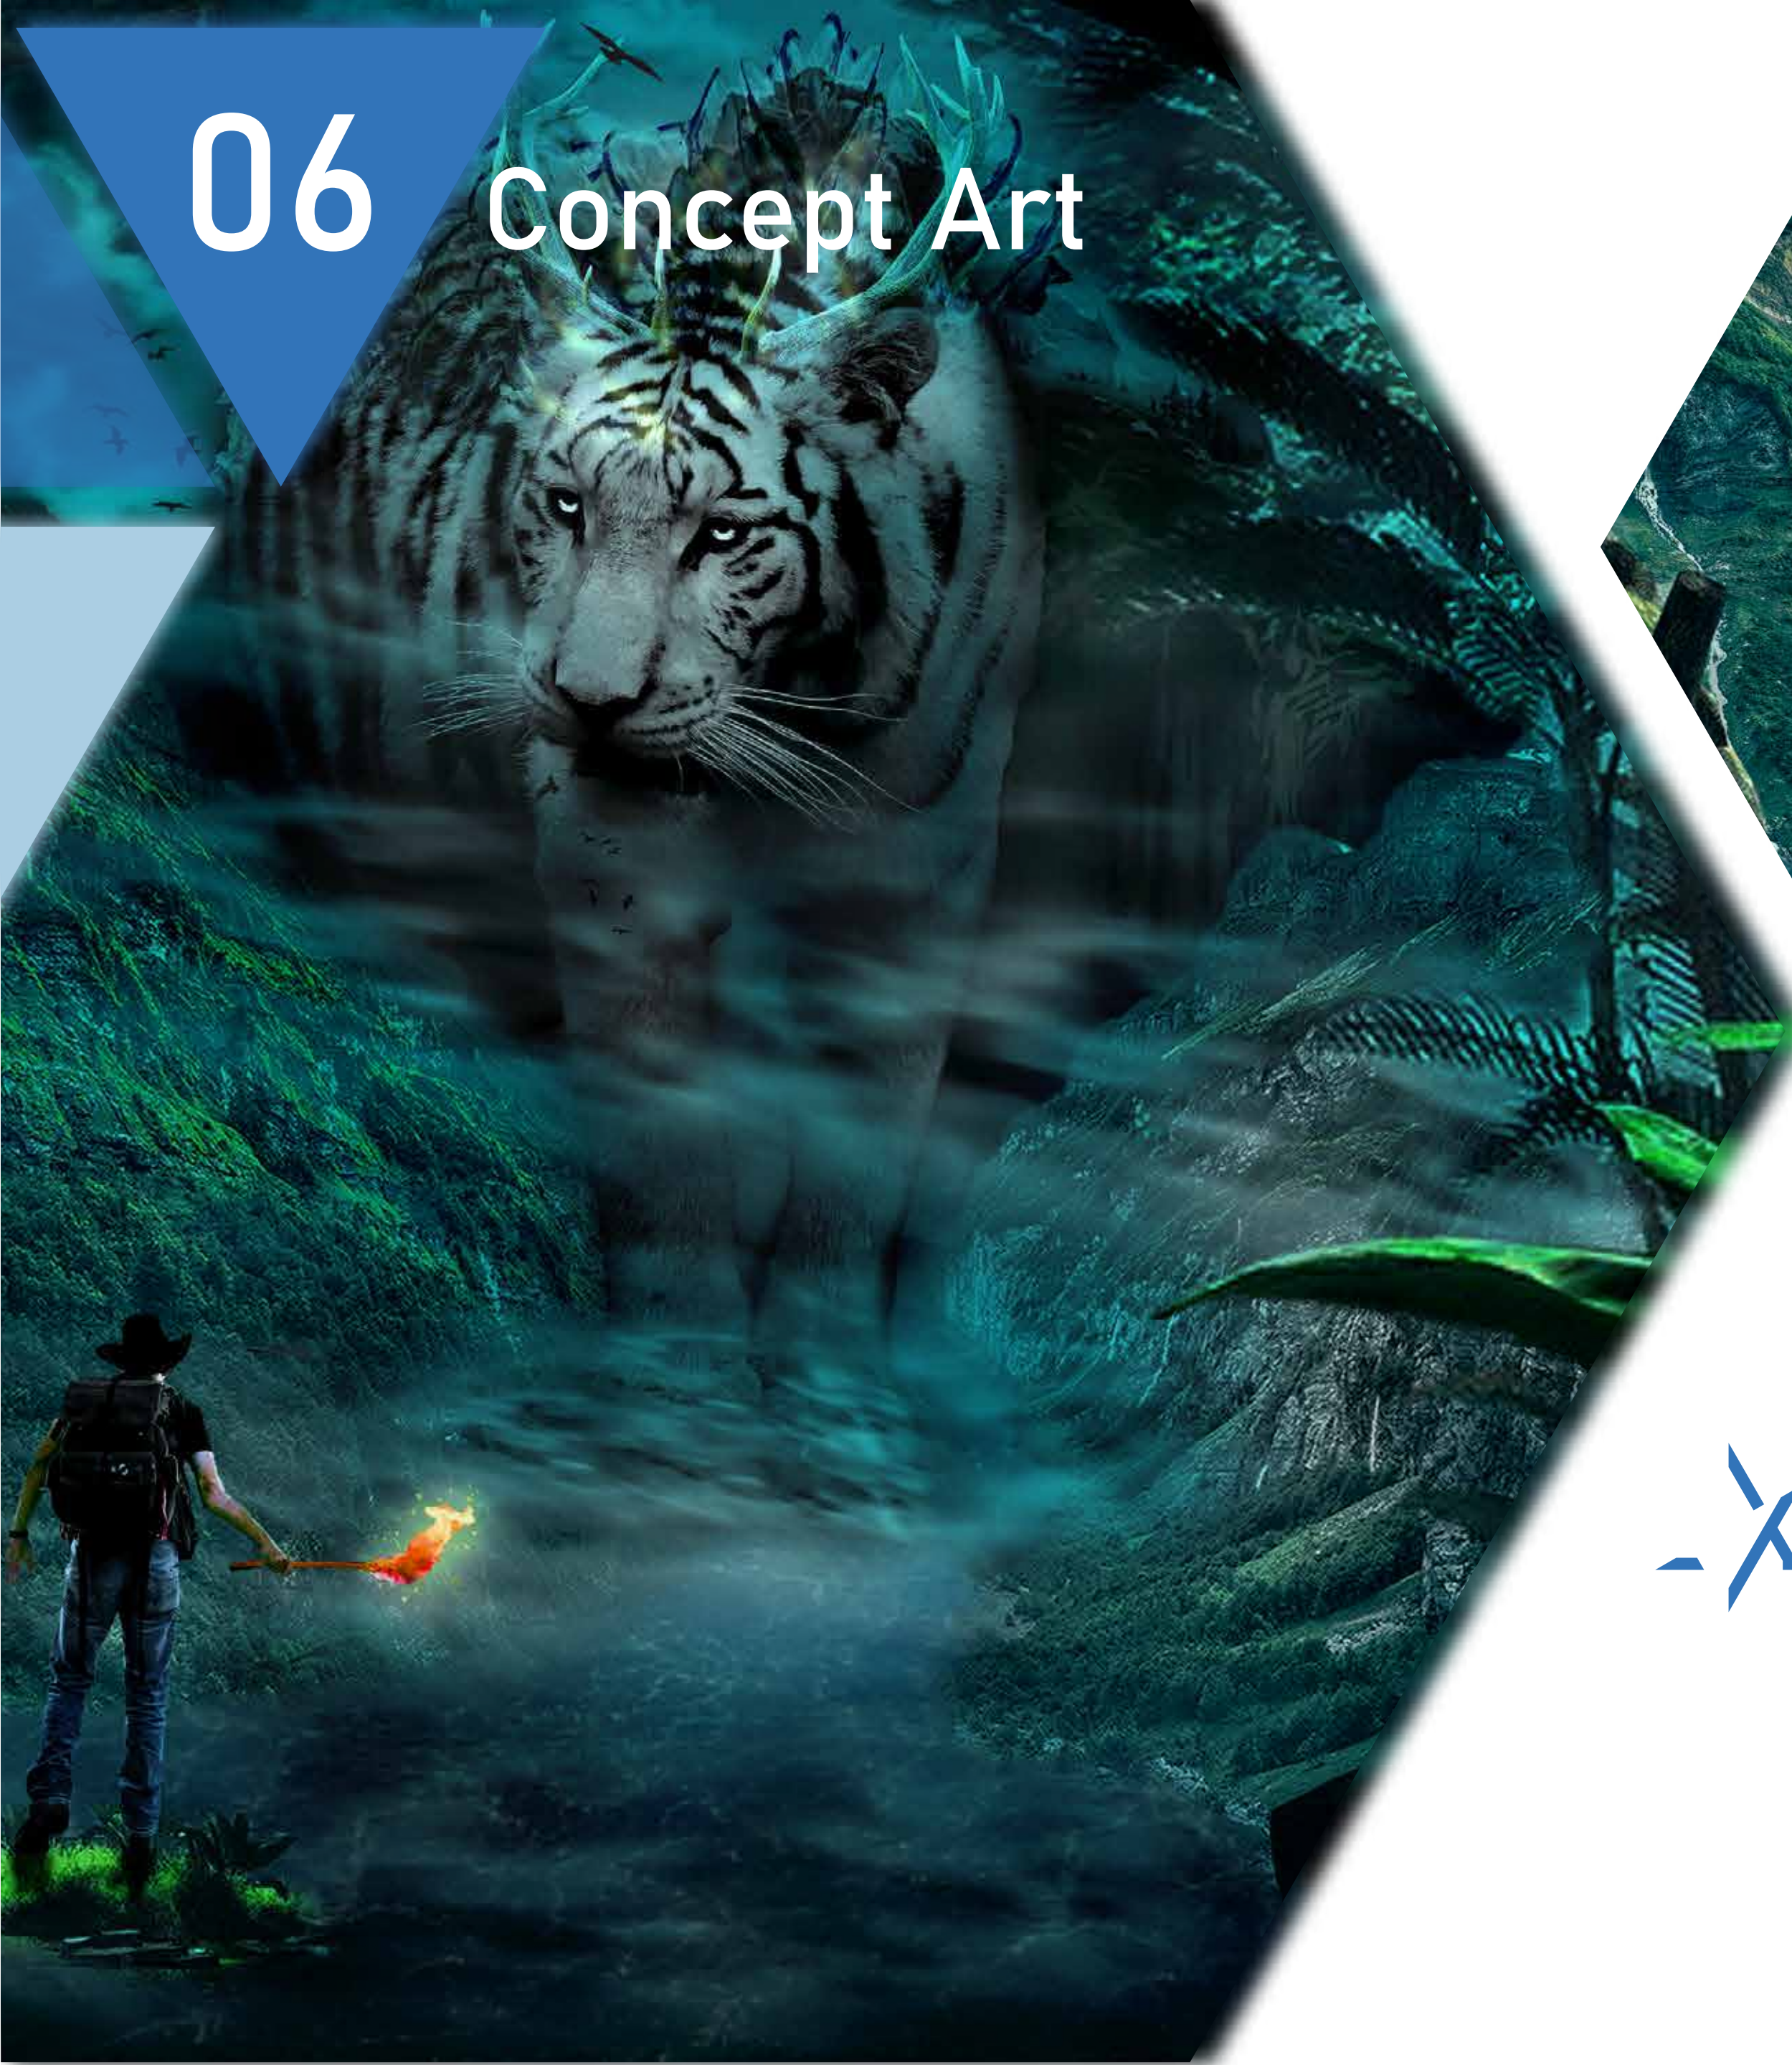

This is the first graphic design homework I have completed.

It took me a long time to complete the hero of the King's Glory-Kai.

Concept Art

X Tiger

This is a story that exists in dreams and reality.
A fantasy adventure brought to you by the legendary mountain god.

By making the white tiger's special individual more sacred,
it brings out the feeling of a mountain god.

Joyce
Wong

This is a recipe specially prepared for bedridden patients. It will also provide a series of tips. Joyce wrote this cookbook because her father was a bedridden patient. So she researched a lot of food for bedridden patients and published this secret recipe, hoping that every bedridden patient can enjoy the food.

This cookbook has great features. All food photos in the recipe were taken and cooked by Joyce photographers.

Cat

A laid-back cat naps while basking in the sun.

Turtle

Why do turtles get together?
Because they loved to gather together.

Spider

Don't go near the leaves as spider like to hide below the leaves and you will get bite.

Four Seasons Drinks

The temperature is different in each season, so the drinks represent each different seasons.
Watermelon juice > summer,
Peach juice > spring,
Grape juice > autumn,
Shochu > winter.

Thank You
